COMPARED TO:

## OTHER COMPETITOR OFFERINGS

- Loose & flimsy
- Not enough support
- Less facial and mask coverage

- Glasses & goggles interfere with shield
- Potential vision field distortion
- Uncomfortable rubber

# JOHNS HOPKINS MEDICAL STANDARD FACE SHIELD

## THE FOLLOWING ARE STATEMENTS FROM JOHNS HOPKINS MEDICAL CENTER:

- The Face Shield was developed in an effort to conserve N95 face masks
- If worn appropriately, it can be wiped down and reused
- The Shield protects the N95 and allows it to be reused under the right circumstances

## PRODUCT DESCRIPTION:

- PETG Shield: 8" tall by 11" wide
- Elastic Band: One size fits all
- Foam: 1.5" x 2" x 8"

## HOW TO USE:

The Face Shield will come with a protective film on both sides of the Shield. Peel both the front and back side of the film off of product before use. Pull elastic band back and position foam on the center of your forehead.

### STEP 1:

Remove protective film  
from both sides of Shield

### STEP 2:

Gently pull back elastic  
band and place on head

### STEP 3:

Adjust Shield as need to  
cover desired areas
